University of Georgia

B.S. in Data Science | GPA: 3.7 | Minors: Computer Science, Statistics, Business

Expected May 2028

Athens, GA

WORK EXPERIENCE

BMW Manufacturing Co.

Compensation & Benefits Analyst Intern

August 2026 – Present

Spartanburg, SC

- Developing a full-stack web application on a closed BMW server to automate expat employee data tracking (Munich and South Carolina rotations), formatting data to BMW Germany's required reporting format and eliminating tedious manual entry
- Building an AI tool on Microsoft Copilot, grounded in local plant data, to answer benefits questions for 15,000+ associates
- Designing a new performance grading system for section leaders to standardize associate evaluations plantwide
- Create weekly and ad hoc SAP reports tracking personnel and compensation data across associates plantwide, supporting Compensation & Benefits decision-making
- Analyze historical vendor data to project future benefits costs and inform financial planning
- Conduct compensation benchmarking using PayScale to support market-competitive pay decisions

Southwire Company, LLC

Data Operations Assistant

May 2026 – August 2026

Carrollton, GA

- Managed product data deployment across a 37,660-SKU catalog using SAP, Salsify (PIM), and OpenText (DAM), ensuring catalog accuracy across all sales channels.
- Built and executed Salsify data-cleansing and enrichment workflows, accelerating new-product additions between merchandising, marketing, and IT teams via SAP, OpenText, and Adobe Workfront.
- Audited and synchronized digital assets across data warehouses, resolving metadata discrepancies on live product pages before they reached customers.

Celsius Holdings, Inc.

Student Marketing Ambassador

February 2026 – Present

Athens, GA

- Execute campus outreach at UGA, analyzing weekly performance metrics and high-traffic locations to optimize distribution strategy and increase product trial rates.

SSP Automotive, LLC

Business Operations Intern

May 2024 – August 2025

Snellville, GA

- Tracked and maintained vehicle inventory data across the dealership, improving visibility on available and incoming vehicles for sales and sourcing decisions.
- Supported daily operations spanning sales support, vehicle sourcing, and pricing workflows.

PROJECTS

Athens Airbnb Market Intelligence Tool | Python, SQL, Streamlit, JMP

December 2025

preetp.com/airbnb

- Created a Python ETL pipeline analyzing **460+** rental listings into a SQL database to optimize rental revenue.
- Engineered a multi-variable pricing model aggregating dollar premiums for UGA football weekends, graduation, and seasonal demand shifts.
- Designed a SQL-backed Streamlit dashboard delivering interactive competitive-pricing insights and automated rate suggestions.

CERTIFICATIONS

IBM | Coursera Data Science Specialization Certification

2025

- A comprehensive 12-course program covering Python, SQL, machine learning, and data visualization.

UC Davis | Coursera SQL for Data Science

2025

- Hands-on experience with SQL queries, dataset combination, and data filtering for analysis.

Google | Coursera Professional IT Certificate

2022

- Foundational training in networking, operating systems, system administration, and cybersecurity.

LEADERSHIP & VOLUNTEERING

BAPS Atlanta — Group Lead

May 2022 – Present

- Lead weekly assemblies for young children with structured activities.
- Organized and assisted with events, activities, and programs to drive outreach initiatives for youths.
